We all play a part in creating a safe environment for our AME students!

Creating a safe environment for the children to get to and from AME is all of our responsibilities. With approximately 480 students coming and going from the school, please take due care when driving or walking your children to and from school.

The crews have been working extremely hard on Lakeshore to get the road ready for the start of school. However, with the road construction continuing, these first few weeks are going to be very congested. So we ask that everyone be extra careful, and also possibly plan for carpooling or parking / dropping off somewhere away from the school and walking in.

They have also made some improvements to our "kiss and drop" area, and created some extra parking spots on site. However, there might be some confusion the first few days as the parking and kiss and drop area have now traded places. See the picture on our website feature page for a sketch.

St. Andrew's Anglican Church, at 4619 Lakshore, has also kindly offered their parking lot as a "Park and Walk" option between 8:00 - 9:00 am. There are 43 spots there with the entrance and exit clearly marked. Although it might be difficult navigating to school this way during the construction, this might be an excellent option once all the sidewalks and pathways are complete.

Let's lead by example:

- It is illegal to make U-turns in school zones (i.e. on Eldorado Road). The best way to turn and go another direction is by going around a block!
- Watch your speed
- When Traffic Coordinators are manning Lakeshore/Eldorado main crosswalks, ONLY use controlled sidewalks to cross this area. Please no jaywalking.
- No parking vehicles on top of sidewalks.
- Yield to pedestrians when exiting AME drop-off area and entering on to Lakeshore Road.
- No entering or parking in school bus drop-off areas at both main and primary locations.

A map of the AME area, indicating quick drop-off & pick-up areas, visitor parking areas and alternative areas to park when picking-up AME children from the school, is below..

When parking in residential areas, please be respectful of private property. The following parking prohibitions apply when stopping or parking a vehicle. A vehicle must not be:

- in front of or within 3 meters of a public or private driveway;
- on a crosswalk or within 6 meters of the approach side of a crosswalk;
- within 6 meters upon the approach to a stop sign, yield sign at the side of a roadway, or a traffic control signal
- upon a portion of a highway that has been improved and designated by a traffic control device for the travel of cycles and or pedestrians

Thank you for contributing to making AME a safe place for children to go to school!

Brady Ibbetson, AME Principal
Dave Gibson, Regional Traffic Safety Officer
