So Long Term 2!

We celebrated our last day of school with a little bit of St. Patrick's Day spirit and wore green! Timberwolves, you've howled your way through an amazing term! We're so proud of all your hard work. Enjoy a fantastic spring break, everyone!

Thank you PAC!!!

A big thank you to our amazing PAC for their generous support during Term 2! Their contributions helped fund several exciting activities and resources for our students, including a portion of gymnastics and parkour, in-line skating, new LEGO robotics sets, Grade 4 and 5 cross-country skiing, and Rocks and Kings.

We truly appreciate all that PAC does for our school community!

We are also thrilled to share that the **Gaga Ball** pit is being installed over spring break!

This \$30,000 project has been fully funded by PAC and it going to make a great addition to the playground!

SCHOOL ANNOUNCEMENTS

Violin Concert Success!

A heartfelt thank you Ms. Pauls, for the time, care, and dedication she put into preparing our students for the Grade 3 Violin Concert.

Learning an instrument takes patience and practice, and Ms. Pauls did an amazing job guiding our Timberwolves every step of the way.

We are so proud of our Grade 3 students, who performed beautifully and showed great confidence and enthusiasm. It was a joy to see their hard work come together in such a beautiful way. We also have a special shout out to the MC's Emaan, Tanner, Lincoln, Blaire, Kristijan, Melania, Weslyn and A

Congratulations

A special shout out to Hanna, Beau, Viraj, Easton, Charlotte and Juliette who have continued their PERFECT ATTENDANCE record for Term 2!!

They celebrated together with a McDonald's party!

PAC NEWS

Let's Glow Crazy Dance

Thank you to all the families who joined us for the **Let's Glow Crazy Dance** last night! The gym was glowing with bright colours, big smiles, and some seriously impressive dance moves. It was so much fun seeing families light up the dance floor together.

Please consider completing this quick survey to help us plan for future dances: [school dance feedback](#)

TEACHER FEATURE

MRS. CROWELL'S GRADE 4 CLASS !

OUR GRADE 4 CLASS HAS BEEN BUSY LEARNING MANY EXCITING THINGS THIS TERM! EVERY DAY WE DISCOVER NEW IDEAS, BUILD NEW SKILLS, AND HAVE FUN WORKING TOGETHER.

"In Mrs. Crowell's class we learned the steps of the Scientific Method. We also conducted our own science experiments and presented them in front of the class. Some experiments included: plant growth, Coke and Mentos, melting ice, and dissolving spices in water. These experiments were so fun to watch and do!"

- Leo, Lincoln, Tanner, Walker

"In social studies we have been diving into the history of the Canadian Fur Trade. To demonstrate our learning, we created model Fur Trade forts in groups and chose a unique name. We learned that forts needed to be near forests, water, and Indigenous communities. People in the Fur Trade had daily chores such as chopping wood, hunting, and gardening."

- Cole, Nikolas and Keegan

In gym class we are learning how to play basketball. We practice dribbling, pivoting, passing, and shooting. We also play a game called King's Court where you shoot for points and move to a new hoop if you get the most points."

-Kayden, JP, Murray

"We have been getting creative in art while making plasticine Subway Mouse pictures. First, we read the book *Subway Mouse* and watched a video showing how artist Barbara Reid creates her illustrations using plasticine. Then we tried making our own. At first it was harder than it looked, but with patience and practice our pictures started to look great."

- Lucy and Chloe
