# TEACHER FEATURE

Ms. Galloway's Grade 4 class has been doing a lot of amazing and interesting things that we want to tell you about! We are enjoying parkour, having lots of fun researching the Winter Olympics, working hard on our Independent Book studies, and thinking about small acts of kindness that go a long way!

In February, we came together to make Olympic posters to celebrate the winter Olympics. We made the posters by researching a sport that we picked, and a Canadian athlete that competes in the sport. Then, we shared our posters with the class by presenting. We think that we learned a lot. When we watch the next Olympics, we will be cheering on Team Canada!!

Our kindness quilt is a piece of art that our class put together to spread kindness. Before we made our quilt squares, we read a story called The Kindness Quilt. After that, we talked about how a small act of kindness can go a long way. In the end, we ended up spreading kindness all over! - Addy and Tino

We have been practicing parkour in the gym! Parkour is an amazing sport because you can jump over obstacles without getting hurt and having a fun time. We learned strides, vaults, and much more! We couldn't thank our coach enough for helping us learn parkour safely. Our class loved it and we wish we could have more time doing it. -Abby, Alex, and Jasper

Ms. Galloway's class is doing an independent book study! The best part is that we can choose our own novels. One thing to know is that before we started our books, we divided them into parts so we knew how much to read by the end of the week. Then, we complete a weekly assignment about the parts we read. What we focus on in our assignments includes summarizing, visualizing, asking questions, inferring, and predicting. -Kate, Olivia, and Ellie
